

Emilia is an ordinary girl in a world where everyone and everything is magic. If that weren't unfair enough, she also has an annoying little brother, a weird next-door neighbour, a Geography assignment to do over summer vacation, and weeks of boring chores ahead of her. But when her brother is kidnapped and her neighbour turns out to be a prince in disguise, Emilia finds herself on an adventure she never imagined. Somebody out there thinks her bratty little brother is a prince, and they plan to use him to unleash a deadly army and take over the world. Emilia might be ordinary, but she's determined to get her brother back – even if it means putting up with a prince, a two-day hike across the middle of nowhere, outwitting a man-eating mantichora, and coming face-to-face with the most powerful (and badly dressed) wizard in history.
